RE-MATCHING THE REMOTE CONTROL

If the remote control does not work, or if the lights turn on/off automatically, it is possible that there is interference from your home or your neighbor's remote control. We suggest you use the following methods.

1. Connect the power adapter.
2. Unplugging the DC PIN once and long press the remote switch at the same time. (The lamp is supposed to flash, meaning the pairing is successful).

- WARNING:**
1. Read the manual before using the lamp.
 2. Please cut off the power before assembling.
 3. Assemble the lamp according to the instructions. (from the top to the base)
 4. To ensure a long lifetime keep the lamp away from damp, hot, or corrosive environments.
 5. Check for transport damage after receiving the packaged lamp.
 6. Do not disassemble or repair the lamp if you are not qualified to do so by your local regulations.
 7. Do not use frayed appliances or damaged cables.
 8. Keep it away from flammables and fire sources.
 9. Do not touch electrical appliances with wet hands and keep it away from fluids.
 10. Only use the included power adapter.
 11. Only clean with a dry cloth, no solvents or cleaning solutions.
 12. Do not use it if exceed the voltage.
 13. The light source belongs to the integrated LED light source, which is non-replaceable and that the luminaire needed to be disposed if it failed.
